

# Statistical data request form

<b>Date of the request:</b>	
<b>Surname and name of the requesting person:</b>	
<b>Mailing address :</b>	
<b>Agency or Company :</b>	
<b>Research department or laboratory :</b>	
<b>Description of the requested data :</b> specify the precise details of the data requested (ocean, period, spatial resolution, data types, ...)	
<b>Work objective :</b> Briefly describe the intended use and analysis of the data	
<b>Usage agreement :</b>	<ul style="list-style-type: none"> <li>- I agree to not divulge these confidential data in their original raw form, and to only produce aggregated statistical analyses.</li> <li>- I agree to destroy all copies of all data received once my analyses are complete.</li> <li>- I agree to specify and acknowledge the origin of all data received in any future publication or communication using results derived from these data.</li> </ul>
<b>Signature :</b>	
<b>Please transmit the signed document by fax or as a scan attached to an email to :</b>	adm-dblp@ird.fr
<b>Réservé à l'Observatoire</b>	
<b>Date of data delivery :</b>	
<b>Surname and first name of data deliverer :</b>	
<b>Support :</b>	

# Publication Policy

## Feedback to Ob7:

We ask users to send by mail at `adm-dblp@ird.fr` bibliographic references of publications which uses Ob7 softwares and/or the data collected by Ob7.

## How cite the observatory or the data source in your publication ?

### General information

If you use the Ob7 software or the data collected by the Ob7, please cite the Ob7 in all your publications with the below mention without any translation:

Ob7 - *Observatoire des Ecosystèmes Pélagiques Tropicaux exploités*

For a scientific publications, this citation must be in the `_Remerciements_` ou `_Acknowledgments_` section, without any translation.

Moreover, if the data collection is funded by the EUMAP, you have to add in the document the mention:

*"The data used were collected through the Data Collection Framework (Reg 2017/1004 and 2016/1251) funded by both IRD and the European Union."*

### Sources to cite for each type of data

- Data Trip, Activity, Landing and Sampling (tool AVDTH): Source DPMA and IRD, data reported by IRD/Ob7, co-funded by the IRD and the EUMAP program for the collection of fisheries data (DCF);
- Data Trip, Activity, Landing and Sampling (Balbaya): Source DPMA and IRD, data processing by IRD/Ob7, co-funded by the IRD and the EUMAP program for the collection of fisheries data (DCF);
- Data from Local Market (AVDTH): Source IRD, data estimated by IRD/Ob7;
- Data from onboard (ObServe): Source IRD/Ob7, co-funded by IRD and the EUMAP program for the collection of fisheries data (DCF);
- Data from onboard observers (ObServe) as part of the OCUP program: Source Orthongel, data processing by IRD/Ob7, co-financed by Orthongel and France Filière Pêche (FFP);
- Data of effort resulting from the confrontation of the various sources of data: Source DPMA and IRD/Ob7, data processing by IRD/Ob7;
- FAD data: Orthongel source, data processing by IRD/Ob7;
- Echo-sounder buoy data: Marine Instrument source, data processing by IRD/Ob7;
- VMS data: DPMA source, data processing by IRD/Ob7.
